

TECHNICAL INFORMATION

Basfoliar® Black SL

COMPO EXPERT GmbH
Krögerweg 10
48155 Münster
Germany
E-Mail: info@compo-expert.com

Technical data:	
Macronutrients	
- % nitrogen (N)	
- % NH ₄ nitrogen	
- % NO ₃ nitrogen	
- % NH ₂ nitrogen	
- % phosphate (P ₂ O ₅) soluble in neutral ammonium citrate and water	- % phosphor (P), soluble in neutral ammonium citrate and water
- % P ₂ O ₅ water soluble	- % water soluble P
2.2 % potassium oxide (K ₂ O), water soluble	1.8 % potassium (K), water soluble
- % magnesium oxide (MgO)	- % magnesium (Mg)
- % water soluble MgO	- % water soluble Mg
- % sulfur (S)	- % sulfur trioxide (SO ₃)
- % water soluble sulfur (S)	- % water soluble SO ₃
Micronutrients	
- % boron (B)	
- % iron (Fe)	
- % zinc (Zn)	
- % copper (Cu)	
- % molybdenum (Mo)	
- % manganese (Mn)	
low in chlorine	

Physical properties :	
Colour :	black
Bulk density (kg / l) :	1.095
pH (1:10 in water) =	11.3
Physical appearance :	dark solution

Dangerous good classification:	
Dangerous Good	no
Hazardous material regulation	GHS07

General Product Information :
Kamasol® Black improves the physical, chemical and biological soil properties due to stable colloidal nature of humic acids from leonardite. Kamasol® Black contains 15,1 % of total humic extracts, divided into 7,5 % humic acids and 7,6 % fulvic acids.

Notice to buyer :

Careful tests have proven that the product is suitable for the recommended purposes when used in accordance with our instructions. However, since storage and use are beyond our control and we are unable to foresee all circumstances arising there from, we are only liable for a consistent quality of the product, but the risk of its storage and use is not borne by us.

Miscibility :

This fertilizer is miscible with virtually all the common plant protection agents; Mixtures with strong alkalis or mineral oils should be avoided. A simple compatibility test with the intended mixing partners is recommended before practical use.

Storage :

This fertilizer can be stored in the unopened original container for two years. Opened containers should be used up or be resealed immediately.
